FOREWORD

As the valley belfries chimed the hour,
I thought: "On summer nights King Arthur's
Door, by yonder sarsens shut,
Is said to open to a corridor
Hewn far within the hill to Arthur's bower,
Where he and Gwenivere with all the tale
Of captains toughened by the weight of mail,
Bide in a hall within the limestone cut:
That is the doorway, this is Arthur's hour."

INTRODUCTION

The 1933 Carontawan is an expression of our desire to record the history of the past school year, to reflect student sentiment and to portray college activities in a form worthy of our Alma Mater. In executing our purpose, we have essayed to inject a spark of "Mansfield Spirit" into the volume. Coexistent with the ideals of the founders of the institution, this spirit has survived to the present hour. It is as indefinable, as sublimated as the influence of the college itself, and we fall short in an attempt at evaluation.

We hope that this book will afford pleasure to its owner, as through the fleeting years, he may pass occasionally over its pages and revive memories of a progressive, happy year at Mansfield.

CAMPUS VIEWS

One of the most engaging features of recent "Carontawans" has been the section devoted to Campus Views. The first collection of this nature appeared in 1929 and elicited much favorable comment. Excellent monochromatic and full-color photographs have appeared in successive issues since that time and we believe that their enthusiastic reception has obligated us to include such a section in the present volume.

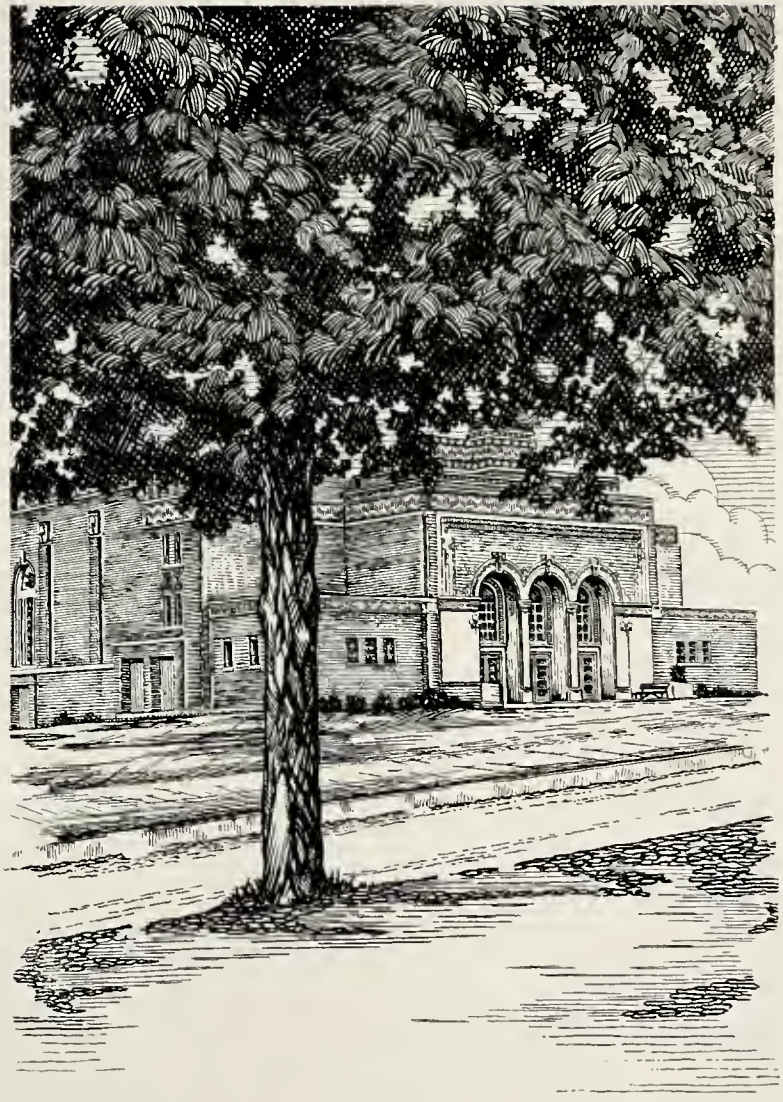

While the following pages are not novel in conception, they are novel in execution. On them we offer a series of pen sketches, the work of a reputable artist, who, we believe, has captured the mood of our campus. If these Campus Views reflect, in only a small way, the beauty which was their inspiration, they will have fulfilled their purpose admirably.

PRESIDENT'S MESSAGE

TRAINING TEACHERS AT MANSFIELD

Mansfield State is located at the foothills of the Alleghenies where these mountains begin to level out toward the lower lands of the great lakes—one of the most picturesque parts of Pennsylvania, along the trail made famous long ago by the Seneca Indians. The college is the third oldest teacher training institution in Pennsylvania. It was originally founded in the late fifties as a Seminary under the control of the Genesee Conference of the Methodist Episcopal Church. At that time the North Tier of Pennsylvania was only lightly settled, and the young men and women of this section had but little opportunity for educational advantages. It was during this period that an agitation arose for more technically trained teachers, and as a part of the state program the trustees of the Seminary petitioned the Pennsylvania legislature to make the institution a State Normal School. This was done in December, 1862. Then for a period of almost sixty years this Normal School continued to grow and to serve the cause of education and of teacher training over a large area, so that today a large percentage of the population in the North Tier counties of Pennsylvania has enjoyed the opportunities of an education at this institution. It was one of the first normal schools to seek to go on a Teacher College basis, and was actually in point of time the first to be approved by the Pennsylvania State Council of Education to confer degrees. This was on June 4, 1926. On May 21, 1927, the name of the institution was officially changed to State Teachers College.

DR. BELKNAP'S MESSAGE

Dr. Belknap

Teaching is not properly a commercial or a political job. It claims to be a science; it is certainly an art. Without the idealism, the enthusiasm, and the devotion of the artist it is a dismal and disheartening failure. If engaged in primarily because of financial profits or social advantage, it becomes at once a futile mechanical process and the most disheartening of menial tasks.

The current depression, temporary but just now very real, is taking its toll among teachers as in all the professions. The commercially minded, the politically inclined are quickly losing heart, and with the first improvement in business conditions will hasten to seek for other employment. Teaching for a livelihood is no longer attractive.

Teaching as an opportunity to make a new generation into a better world will be even more attractive than ever.

Fathers and mothers were the first teachers and still their love and devotion make them the most influential instructors. Their ideals are the finest the profession knows. Formal teaching was early and long in the hands of the church and clergy. Religion furnished both the environment and subdivision of contemporary life; home, church and school, parent, priest, and teacher cooperated together in training the coming generation. The prime motives of education are still the love of the parent, the zeal of the church and the social idealism of organized society.

Perhaps the current depression may perform one useful bit of surgery in eliminating ultimately from the teaching profession those whose chief interest is commercial or political. If so, it will materially assist us in strengthening in the teaching profession the spirit and the ideals of the home and the church where education had its birth.

DEAN OF WOMEN'S MESSAGE

The Department of Student Welfare is as truly educational as any part of the College. In order to become a useful member of the society, one must learn to be useful where one is at present. To learn the art of living together happily, and to be able to evaluate situations and make wise choices, is the objective of this department. With the dormitory as a laboratory the students develop the technique of cooperation with others and cultivate a spirit of consideration for their neighbors.

The Dean of Women is primarily concerned with providing conditions that will widen the horizon of each girl and give her command over her own powers.

VICTORIA FREDERICK.

DEAN OF MEN'S MESSAGE

To form at once many new associations, and to stir one's self to greater achievement in pursuit of life's ambition, is not always easy. It is a privilege for the Dean of Men to help students understand their new social relations, to interpret some of their personal problems, to protect each individual's interest in so far as possible according to its deserts, and to instil the principle that man's thoughts and actions are products of his past and the yard-stick by which he is measured by his contemporaries.

"To know the best that has been thought and said is certainly good; but to be engaged in actions and achievements which prompt those who behold them to profounder and better thinking and a more beautiful utterance, is certainly far better."

Student Councils

The students of Mansfield belong to either the Men's or the Women's Cooperative Government Associations. The Associations elect in the Spring of each year the Women's Student Council, composed of eleven members, and the Men's Student Council, composed of eight members.

Each council has the authority to discipline the members of its own Association; but the chief function of both Councils is service. They serve as a representative group in planning all student-social activities, as a connecting link between the administrative faculty, and the students, to facilitate the solving of mutual problems, and as a factor which enables the students to make known their needs and wishes.

The past year has been very successful. This is due not only to the splendid cooperation of the student body, but also to the fine personnel of the Councils and their steadfast loyalty to Mansfield ideals.

"And up into the sounding hall I past;
But nothing in the sounding hall I saw,
No bench, nor table, painting on the wall
Or shield of knight; only the rounded moon
Thro' the tall oriel on the rolling sea.
But always in the quiet house I heard
Clear as a lark, high o'er me as a lark
A sweet voice singing in the topmost tower
To the eastward: Up I climbed a thousand steps
With pain: as in a dream I seemed to climb
Forever: at the last I reached a door,
A light was in the crannies, and I heard
'Glory and joy and honour '"

The Senior Class

"School days, school days, dear old golden rule days" . . . And now we are come to the parting of ways. It would be folly to tell you how glorious it has been. For, has not someone said—"Look ever to the morrow."

We will have plenty of time for our reminiscences later. Now we are looking forward to the pleasantries and disappointments that tomorrow will bring. Our past has nothing to give us but memories. Tomorrow brings something new.

Of course, we enjoy looking over, nay, gloating over the achievements of our class. Our Senior Ball was the crowning event of our social career. But, our aim has not been social success. Those of our numbers who have represented the Alma Mater in athletics have ever made us proud. In fact all our minor projects though our years here in Mansfield have been successful. We point with pride to each and every one of them and say, "That belongs to the Class of '33."

But, after all, our minor successes have been merely stepping stones, each one a rung in the ladder which has lead to that one great goal, our aim when we entered college here four years ago.

Immediately upon entering Mansfield we became a strong army of squires attending upon the knights who have now gone before us. We turned our faces toward the great castles of Knowledge and Training. As we have progressed along the way, every year becoming stronger and more experienced, we hacked and cut our way through the motely masses of Ignorance, Superstition, Tradition and other other blinding effects. Ever as we have striven up the crooked path, we have sought out our leader, Truth, and ever have we flaunted him at the enemy.

And, finally, we have reached the goal which we set up for ourselves here in Mansfield. There is much to be done, a long journey to travel ere the final goal be attained; but that journey will be through other institutions.

Until such a time when we can go ahead, each of us more of a unit in himself than a part of one great unit, we stand as a solid organization, with our visors down and our lances ready. We are prepared, as was the knight of old, to go forth and do battle with the dragon of Ignorance, the three-headed, green-eyed monster of Superstition and his brother, Tradition.

Old Mansfield—before we go forth, we salute Thee and pay Thee tribute for that preparation which you gave us. On our arms we will wear, as a token of your esteem, those ideals and principles which you have ever taught us. And, finally, as our banner we use your aim—"Progress in Education."

DOUD, HOWARD — Mansfield, Pa.
"DOUDIE" — Secondary

Y. M. C. A.; Intramural Basketball; Band.

Many persons have good dispositions in Carontawan write-ups, but "Doudie" is among the few who have them in real life. We could give him the customary wish of "the best that life can offer"; but that would be an empty gesture, for he will make the "best of what life offers".

The Junior Class

"Colleges can only serve us when they aim not to drill but to create; when they gather from far every ray of genius to their hospitable halls and by the concentrated fires, set the hearts or their youth on flame."—Emerson.

Fate grasped us from our various walks of life and offered us a gift after its will. College has guided us toward our own destiny, and during our three years has wrought a wonderful metamorphosis in us.

As Freshmen we were timid and apologetic. We dared not say "I think" or "I am". To the upperclassmen we seemed mere infants—green, silly and troublesome. We had taken one of the most important steps in our life as a student—the step between high school and college. It was our task to accustom ourselves to this new environment and take advantage of its opportunities. The faculty and students gave us a warm reception and made us at home in the school. As pioneers we bravely faced the four years ahead knowing that time and our courage would determine how many of us would succeed. We gradually became acclimated and worked our way into the school activities. A few of the members represented our class in football, wrestling, and dramatics. We entered more into the social life of the school and found ourselves capable of sponsoring our big event of the year, the "Frosh Frolic".

Our Sophomore year! We had now become a class not frosh, but yet not that select group—the upper classmen. This year we had the pleasure of seeing the new frosh as others must have seen us. We had grown enough to know that we were beginning to "be some one" and we bent to our task with added enthusiasm.

The Sophomore Class

Upon our arrival at Mansfield, we were found to be exceptionally strong in number and, while quantity and quality do not always lie together, it was not many weeks before the class began to display the latter. An attempt to acclimate us through the vigorous application of "Frosh" customs met with some resistance and, as a result, "hazing" at Mansfield was modified. Our members soon found places in the fraternities, teams, clubs and other organizations and there is no question but that strong leaders have risen from our ranks.

The big "Frosh Frolic" at once became a compelling interest and concern. In looking back, we remember the affair as a success from every standpoint except the monetary. However, if we had not found ourselves "in the red" after the dance, we perhaps would not have devised a circus to restore us to our former state of financial independence.

The Circus was held under the "big top" of the gymnasium and was judged completely satisfactory by the management, the performers and the "suckers". A complete menagerie and interesting sideshows were among the features. Thus our Freshman year ended.

The Fall of 1932 found us in authority over the new "Frosh". However, our attitude had changed and, with the cooperation of the Student Council and the Tribunal, we gave them a speedy introduction to college life. To promote an early and easy adaptation, after all, is the chief purpose of Freshman customs.

The dance, this year, was held jointly with the Freshmen. This was a "depression measure", but it proved to be a happy one for all concerned.

We as a class sincerely believe that our two short years at Mansfield have been more than worthwhile and we are concerting our efforts to make ourselves a class of which our Alma Mater may well be proud. We were represented in every branch of school activities—dramatics, athletics, musical and literary activities, and fraternal organizations. We ascended a step higher socially by the grand success of the "Soph Hop".

Now we are Juniors and a part of the glorious and select company of upper classmen. The force of character is said to be cumulative. Thus we believe we are growing stronger physically, mentally and spiritually. We are continuing to broaden our horizons; we are acquiring more confidence and a better perspective of life. Our friendships are more lasting. The greatest essential of life that we have discovered is the courage to be what we are and we have endeavored to remember this in working toward our goal of service.

The Freshman Class

Each autumn brings many inexperienced recruits to Mansfield. Heretofore, the frightened, homesick "Frosh" have been regarded by upper classmen as beings sent from heaven for their especial amusement. As a result, the first nine weeks had been anything but enjoyable to the beginners, for as soon as classrooms were definitely located and teachers and buildings had become less formidable, the torture of initiation began.

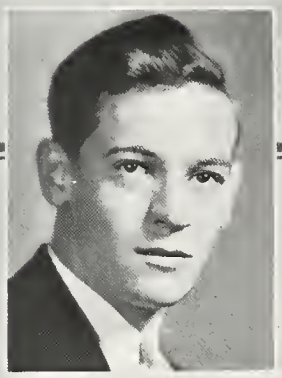

We entered college last September with high hopes and ambitions. Yet there lurked a fear that very soon we should be the laughing stock of the entire college. Great, indeed, was our relief when we learned that we were not to be initiated, for the Sophomores had outlawed this practice—an act for which we are greatly indebted to them. The confidence and as-

pirations that we brought to school with us were not immediately dispelled by upperclassmen; we have not been subjected to any humiliating treatment such as has made classes before us self-conscious and uncomfortable. We have been made to feel that we are a part of the school; we have been welcomed by faculty and students alike. Courtesy has been shown to us on every hand. For this, we are indeed grateful; we cannot help feeling that our school spirit is keener, our self-respect greater, and our reverence for faculty and upper classmen more profound for our having been exempt from such embarrassment as is usually inflicted upon college Freshmen.

Not only are we the first class to reap the benefits from the abolishment of hazing, but also we are the first Freshmen to enter Mansfield since the law has been enacted excluding students not in the upper half of their high school class. Naturally more will be expected of us than has been looked for in previous classes; and we are determined that we shall not prove a disappointment. We have already given evidence of our ability in scholastic and extra-curricular activities and it is to be expected that this class will add more glory to that for which M. S. T. C. is already renowned.

Freshmen Data

For the first time in the history of M. S. T. C. the Freshmen Class this year was made up of people who came mostly from the upper half of their respective high school graduating classes, this upper half based on scholastic grades. A study was made of this intellectual group that had been so culled and the following interesting facts were found.

It was found that over 32% of the large class of over 200 members had won distinction during their high school career over and above their fellow members. These distinctions were made in the following lines of activity and to the extent stated in the per cents. Again, these figures pertain to 32% of the class.

Valedictorians	16%
Salutatorians	21%
Officers of school organizations	75%
Achieved literary fame	74%
Led in musical activities	55%
Led in athletic activities	39%
Won national awards or other awards made by bodies outside of the school	50%

Here is a good picture of the type of individuals who are preparing to become splendid teachers for the present generation of grade school youngsters in the State of Pennsylvania.

Athletics

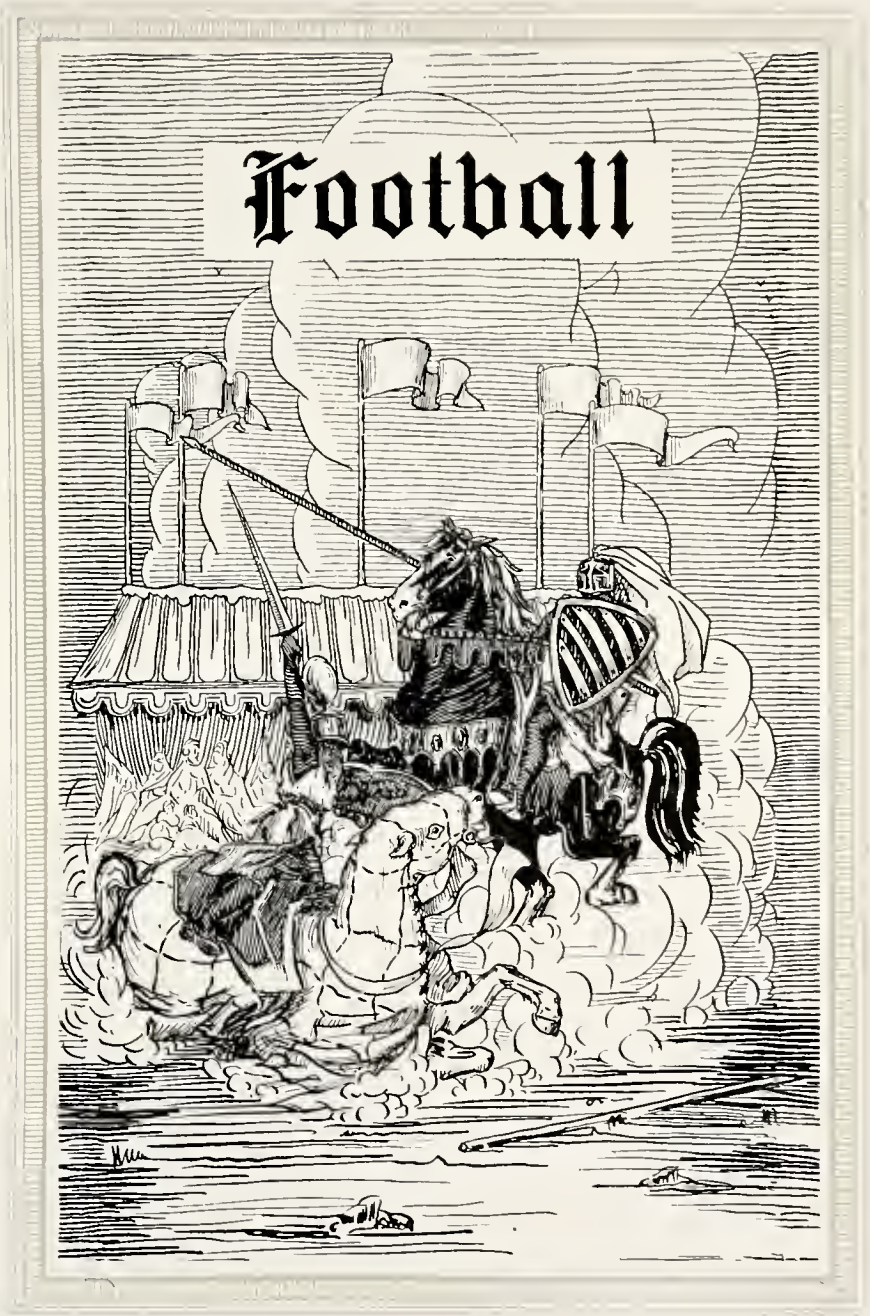

Athletics in Mansfield

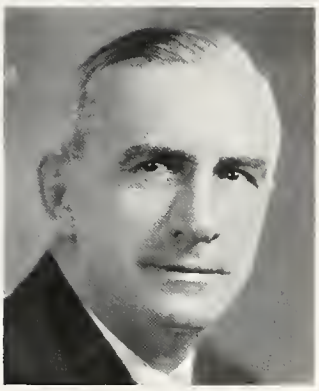

Athletics in Mansfield stand out as a highlight during the school year. Every student can speak with pride of the athletic teams of our school; everyone anxiously awaits the opening of the sport season.

The sport season is inaugurated with football, closely followed by basketball and wrestling, and is brought to a close with baseball, track and tennis. Although our teams are not always of the championship caliber, they continually stand among the leaders of their respective class.

This year is no exception, for we have had evidence of a great athletic year. Student effort and enthusiasm reached a high degree of intensity and continued throughout the year in all sports

Better sportsmanship, better spirit, and better loyalty were evident everywhere this year; but let us not forget to express admiration for the achievements of those men of the past who have done much toward fostering these ideals.

Coach Paul Davis

Coach Paul Davis came to our College this year to take over the reins of our football team. A man with many years of experience in athletics, he proceeded to give us one of the best football teams in the history of our school. Taking his nucleus from a team which had been none too successful the previous year, he molded together a fine combination, a team in which he embodied the spirit of hard, fast play. Mr. Davis, through his fine personality, instilled into his players the desire to win, coupled with the ideal of good sportsmanship. This was a great determining factor to our team's success. To Mr. Davis we extend hearty thanks and best wishes for many more successful seasons.

Mansfield 6 Cortland 6

With everybody in the pink of condition, Mansfield opened the football season by tying Cortland Normal 6–6.

With many new faces in the line-up the Mountaineers showed much strength both on the line and in the backfield.

In the first quarter Cortland, by completing a couple of long passes and a final thrust through the line, scored the first touchdown. Their effort for the extra point failed. In the third quarter Mansfield scored a touchdown on a recovered fumble in the arms of Sinclair, our new center, who with perfect interference raced forty-five yards to cross the goal. The try for the extra point was missed by inches.

There were no individual stars in the game, for the whole team played good ball, the work of the new men blending in with the work of the veterans.

Mansfield 2 Dickinson 0

On October 3, Mansfield inaugurated the home season with a 2 to 0 defeat over an old foe, Dickinson Seminary. The two points were the result of a blocked punt over the Dickinson goal line where a Seminary man fell on it for a safety. The Red and Black warriors outplayed Dickinson at every step and should have scored several times. Dickinson was at the complete mercy of our power plays and speedy end runs. Every man deserves much praise for the stellar work done in this game.

Mansfield 7 Bloomsburg 6

The grid warriors of M. S. T. C. journeyed to Bloom and won a 7–6 victory in one of the best games of the season. Bloomsburg, outcharged and outplayed at every turn, scored its touchdown when Mansfield made some unfortunate fumbles. They failed to get the extra point, so we gained a one point victory. The size of the score fails to indicate the vast superiority of Mansfield over its rivals. Bunnell, Norton and Kolchano were outstanding in their play, the latter scoring a touchdown by a pass from Schlappi. The whole team played real football and looked like championship class.

Helmer, Quarterback

Schlappi, Halfback

Brown, Fullback

Mansfield 7 Millersville 6

Playing for the second week on foreign soil, Mansfield defeated Millersville by the score 7–6. Mansfield scored first, Bunnell taking a long pass from Schlappi to cross the white line for a touchdown. Schlappi was successful in converting the extra point by a placement kick. Millersville, not to be outdone, took advantage of the numerous penalites inflicted on the Red and Black and scored six points; they failed, however, to convert the extra point. The whole team played hard, clean football and deserve unlimited praise.

Besanceney, Right Guard

Mansfield 6 Stroudsburg 0

Returning to the home gridiron for the first time in weeks, the Mountaineers faced a powerful foe in Stroudsburg. Experts predicted Mansfield's first defeat of the season. But so often as the case is, the under dog at the start proves the upper dog at the finish. The game started out with a smash, neither team gaining much advantage. Late in the first quarter, a Stroud punt was blocked and Mansfield recovered close to the Stroud goal. After a series of tackle smashes, Norton plowed over for a touchdown. For the first time since the opening game, Mansfield failed to gain the extra point. Except for some unfortunate breaks, Mansfield would have scored several more touchdowns. Late in the game Stroud threatened to score, but the danger was short-lived. Mansfield's line played superbly as did the backfield. It was simply the story of a good team being defeated by a better one.

Mansfield 2 Ithaca 21

Ithaca Physical Ed. School was our last foe of the season. Usually an easy game on the schedule, the New York Staters proved a real surprise by handing the Mountaineers a 21–2 defeat and spoiling our bid for an undefeated season. With several regulars out of the line-up, the Red and Black fought with undaunted courage to overcome the overwhelming odds. Ithaca, with several former college stars in its line-up, proved too strong for our crippled forces. Mansfield's two points resulted from a safety. Although beaten, the Red and Blacks, proved that they can take defeat as well as victory with true sportsmanship.

Football

Football season opened in Mansfield with much doubt in the minds of the Red and Black followers as to the strength of its team. It did not take long to remove this doubt, for under the new coaching system, supervised by Coach Paul Davis, the Mountaineers went through one of the most successful football seasons in the history of the school. In finishing the season with four wins, one tie, and one loss, we feel that we can rightfully claim the State Teachers College championship of Pennsylvania.

Bunnell, Gamble, Salisbury, Wilson, Besanceney, Kintner, Schlappi, Norton, Merva, Stevenson and Helmer comprised the veterans of the squad. Long, Sinclair, Borden, Kolchano, Brown, and Marvin were the new men of promise. The men who received the Varsity Award were the players: Norton, Schlappi, Bunnell, Gamble, Salisbury, Besanceney, Kintner, Merva, Long, Sinclair, Borden, Brown, and Kolchano.

Basketball

With the passing of the football season we turned our attention to the basketball season. The schedule was one of the most difficult the Red and Blacks attempted. Mansfield was pitted against veteran teams and made excellent showing in some of the games.

Coach Marvin was fortunate in having seven veterans back from last year's squad; these men were Bunnell, Stevenson, Lutes, Maynard, Gamble, Marsh, and Hendricks. In addition, several new men showed that they would be valuable additions to the squad and that they would work well in the Marvin system.

The M. S. T. C. basketball team's disastrous season throws no reflection on the coach or the squad. In fact, when we realize that seven letter men of the season of 1931–32 returned, with one or more year's experience in the game, we realize that the squad was as strong as any in recent years.

Coach Marvin started his men at practice early in December and by the beginning of school after the Christmas holidays, the team was in fine shape. As the early season games were defeats, Coach Marvin, members of the team and the school felt that the team would soon start to "click". If the team had been considered in comparison with other years' teams, one could see that the team started to "click" from the first, but in every game the opponents were just enough stronger to make the Red and Blacks appear to be off their stride. The players must be commended for always coming back with a determination to give their best in spite of a discouraging defeat.

Mansfield 35 — Alumni 18

On January 7 Mansfield opened its basketball season by defeating a strong alumni team by a score of 35-18. With a team made up of former stars, the alumni proved a worthy foe; the varsity was not to be denied and, after a slow start, forged ahead to win by a score of seventeen points.

Dickinson 38 — Mansfield 29

The first regular game of the schedule was played against the fast Dickinson Seminary team, with Mansfield coming out at the short end of the score. The game was featured by fast and spectacular playing on both sides, and it was not until the final quarter that the Seminary was able to gain the advantage. The game was real throughout and kept the audience on its feet until the final whistle.

Ithaca 59 — Mansfield 19

The Red and Black Basketeers journeyed to Ithaca for this game to play against the powerful Ithaca Physical Ed. team. The Mountaineers, apparently in their early season slump, went down to defeat 59-19. Ithaca, probably one of the best college teams in the East, had little trouble in sinking the two-pointers and rapidly gained a commanding lead. Mansfield seemed to be unable to locate the hoop and, as a result, lost the second straight game.

Besanceney, Guard

Lutes, Guard

Stevenson, Forward

Dickinson 40 — Mansfield 31

Mansfield journeyed to Williamsport to square things with the Seminary boys, but returned on the short end of a 40-31 score. Although the Red and Blacks outscored Dickinson, the inability to shoot cost them the game. The Seminarians converted practically all their free throws, which enabled them to carry off the honors. Led by Johnny Maynard, the team looked more like itself.

Bloomsburg 57 — Mansfield 23

Playing our greatest rival, Bloomsburg, for the first time this year, Mansfield fell to a crushing defeat, 57-23. Flashing a fast, smoother running offense from the start, Bloomsburg took the lead and had the game practically on ice before the first half was over. The Mountaineers seemed to be unable to get going and, as a result, dropped their fourth straight game.

Kutztown 32 — Mansfield 26

Mansfield, journeying to Kutztown for the first time, met defeat at the hands of the southerners, 32-26, in a hard fought game. The Red and Blacks fought the foe on even terms until the last few minutes of play when a couple of long shots and a foul clinched the victory. It was a real game from start to finish, but the Mountaineers deserved a better fate.

Borden, Forward

Hendricks, Forward

Marsh, Guard

Stroudsburg 47 — Mansfield 37

Stroudsburg visited us this year with one of the strongest teams that ever played at Mansfield. Mansfield led at the half 19-14, owing to the real playing by the Red and Black warriors. Both teams used the Junior Varsity throughout the first half. The second half opened with a rush, both teams anxious to gain the advantage. The score remained close until the dying minutes of the game when "Stroud" forged ahead to victory. It was one of the most exciting and hard played games of the season.

Bloomsburg 46 — Mansfield 36

Mansfield journeyed to Bloom to attempt to square accounts for the defeat earlier in the season, but our men returned on the short end of a 46–36 score. Playing at a fast clip the Red and Blacks took an early lead, but Bloom came back and evened accounts. The rest of the game remained on practically even terms until the last few minutes when a couple of long shots and a foul gave Bloom the lead and the game. It was surely a hard one for our boys to lose.

Stroudsburg 79 — Mansfield 31

Playing away for the second straight week, Mansfield suffered one of its worst defeats in the history of the school at the hands of Stroud, 79–31. Stroud, playing perhaps at the peak of their form, could not be stopped and scored practically at will. On the other hand the Mountaineers appeared to be lost by the flashy Stroud attack, and as a result never did get started. Again, Mansfield appeared to be strong, but yet unable to produce the proper punch. However, the boys need not feel badly, for Stroud defeated some of the best college teams in the country by large margins.

First Row: Maynard, Borden, Bunnell, Gamble, Stevenson, Besanceney.
Second Row: Marvin, Hendricks, Lutes, Straughn, March, Swan.

Ithaca 51 — Mansfield 29

The last game of the season found Mansfield playing the strong Ithaca Physical Ed. School. The Physical Ed. boys, with a team of six-footers, found little difficulty in defeating the Mountaineers by the score of 51–29. Starting out with a rush Ithaca gained an early lead, which our team was never able to overcome. At times the contest looked like a real game, but for the most part it was listless and uninteresting. For some of our boys it was their last game under Red and Black colors. The graduating men are Maynard, Lutes, Besanceney and Marsh. These men will be greatly missed in next year's line-up.

This ends one of our most disappointing seasons in basketball that we have ever known. What the reason is or why, no one has been able to figure out. Starting with exceptionally bright prospects for a banner year, the team failed to live up to expectations and won only one game out of ten. At times the team flashed the form that was expected of them, but they were never able to hit a consistent stride. The team will undoubtedly go down in the annals as a team of mystery which no one has been able to solve.

Baseball-Wrestling

First Row: Roby, Besanceney, Brockway, Bartoo, Bogaczyk, Warren, Yalch, Scarcell.
Second Row: Childs, Swan, Lutes, Williams, Orr, Stevenson, Bunnell, Sunday, Newman, Marvin.

Baseball

Taking a look into the future, our prospects for a fine baseball season in 1933 look promising indeed. With ten men of last year's squad as a nucleus and the prospect of much new material, everything makes things look particularly bright.

The team will miss the services of Sunday and Yalch, outfielders, who could always be counted on to give a good performance, but with the substitutes and the new material there should be little cause for worry. Men from last year's squad who are available are: Bunnell, Williams, Warren, Lutes, Brockway, infielders; Scarcello and Stevenson, outfielders; G. Bartoo and Merva, catchers; D. Bartoo, pitcher.

The schedule for this year includes contests with Cortland, Ithaca, Bloomsburg, Stroudsburg, and Lock Haven. Several other dates are yet to be decided; there will be undoubtedly a ten or twelve game schedule.

First Row: Lunn, Fenner, Merva, Lent, Lathrop, Paris, Bartoo, Bartoo.
Second Row: Baird, Howland, Whitney, Brown, Hall, Place.

Wrestling

The wrestling team of 1933 enjoyed one of its most successful seasons. The team engaged in seven meets, winning three, losing two and tieing two. Only one team was able to score over our boys; this team was Stroudsburg which administered our only two defeats.

At the beginning of the season Coach Baird found that the team had lost heavily through graduating men and, as a result, he had the difficult task of developing many new men. As Captain Bartoo and Lent were the only holdovers from the regulars of the year before, the outlook was not so promising. We were fortunate, however, in having a wealth of new material who, under the able coaching of Mr. Baird, developed rapidly into able wrestlers as the records show.

The first meet was with Alfred University at Alfred. The boys did not take long to show us that they had the "goods", for they proceeded to give Alfred a trouncing to the tune of 26–8.

Our second meet was with the Ithaca Physical Ed. School and was held at home. Before a large crowd of fans the boys gave us a real entertainment, and gained a tie with the strong Physical Ed. boys. Every man gave a fine account of himself.

The next meet was with Stroudsburg, who had one of the strongest teams in the history of their school. They proceeded to give us our first defeat 23½–6½. The Stroud wrestlers were not so superior, however, as the score might indicate, for every match was a real battle from start to finish. Captain Bartoo and Paris gained the points for Mansfield. Even though the match was lost, our wrestlers gained much experience which was to give them a decided advantage in future meets.

For the second time this year the wrestlers met Alfred University, and again they won an apparently easy victory. However, all the matches were interesting and when the meet ended, Mansfield had scored 20 points to 9 points for Alfred.

In our next contest we took on the strong Elmira "Y" team. Our team, showing real power, gave the "Y" boys a good trouncing, 20–8. The match was interesting and gave us an afternoon of real thrills.

The wrestlers journeyed to Stroudsburg for the next meet, to try to even up things with the Physical Ed. boys, but again were taken by a 23½–4½ score. However, each man gave a good account of himself.

The final contest of the season was with the Elmira Y. M. C. A. at Elmira. The "Y" boys pulled a surprise and held our boys to a tie, 14-14. The match was a real one from the beginning to the end.

In conclusion, the team and the coach deserve much praise for their showing, considering the many adverse conditions under which they had to work. With only Captain Bartoo, Lathrop, and Norton to be lost by graduation our next year's team should be able to maintain the fine record of the team this year. The members of the team this year are: Lunn, Bartoo, Paris, Kerr, Merva, Norton, Lent, Lathrop.

Minor Sports

First Row: Childs, Taylor, Lunn, Norton.
Second Row: Saniel, Gamble, Johnson, Zavacky.

Track

Track in Mansfield has made rapid strides in the last few years until it has come to be looked upon as one of the leading sports.

Last year's team, while not engaging in any meets with individual schools, gained recognition in several of the Inter-Collegiate track meets. Regardless of the outcome of these, the men of Mansfield State Teachers College deserve much credit considering the class of competition they had to meet.

This year's track team should be just as strong, if not stronger than last year's from which there are only two men lost to us, Raker and Smith, and with the wealth of new speedsters coming up among the Freshmen. The veterans from last year's squad are: Worthington, Taylor, Childs, Kintner, Johnson, and Salisbury. These will compete again, probably, in several of the Inter-Collegiate track meets.

Rowe, Davis, Straughn, Simms, Alger

Tennis

Again we look into the future and see the prospects of a fine tennis team. Last year's team, under the able coaching of Professor Cornish, made a splendid showing, winning most of their matches. With all veterans back except Marsh and Simms, this team should be better; with a year's experience behind them, last year's players should be stronger than ever. Taking all things into consideration it looks as though we have a team that will be hard to beat.

Veterans of last year who will be available this year are John Maynard, Adrian Rowe, William Straughn, Dan Davis, and Carleton Hess. In addition, there will be several new men who may give the veterans a battle for their positions.

This year's schedule will include: Bloomsburg, Stroudsburg, Alfred University, and Cortland. With such bright prospects in view, there is no doubt but that the students will give their most hearty support and help the team to make such bright prospects realities.

Intramural Athletics

Intramural athletics are fostered to promote sportsmanship and good citizenship. These competitive athletics are instrumental in bringing out the true character of the individual where one may readily realize the value of team play. Team play is essentially necessary on athletic teams and its need really brings out the desire for it. One need only to witness one of the class games to have seen the spirit and the team work with which these games were played. All the games were hard-fought, the outcome always remaining in doubt until the final whistle was blown.

The third year of Intramural Basketball at Mansfield was highly successful. Under the leadership of Kenneth Kintner, chairman of Intramural Athletics, a committee drew up a schedule of forty-eight games. These games got under way shortly after the opening of the second semester, and a great deal of interest was shown throughout the schedule. Awards were made to those earning a definite number of points; these points were earned on the basis of the number of quarters played.

The class teams were organized and captains elected; these were: Helmer, to lead the Seniors; Johnson, to lead the Juniors; Pointon, to lead the Sophomores; Lunn, to lead the Freshmen.

When things were once under way, everything started with a bang. The Seniors won their first three games and it looked as though the pennant might be won before any of the other clubs got started. However, the other teams had something to say, for it was not long before all four teams were battling on even terms. The games were always hard fought, and much real basketball was shown by the teams. The break finally came when the Seniors were forced to forfeit three games and the Juniors and Freshmen, one each. This gave the Sophomores a comfortable lead, which any other team failed to overcome. All the games were handled by capable referees, whose ability did a great deal to make the games worthwhile.

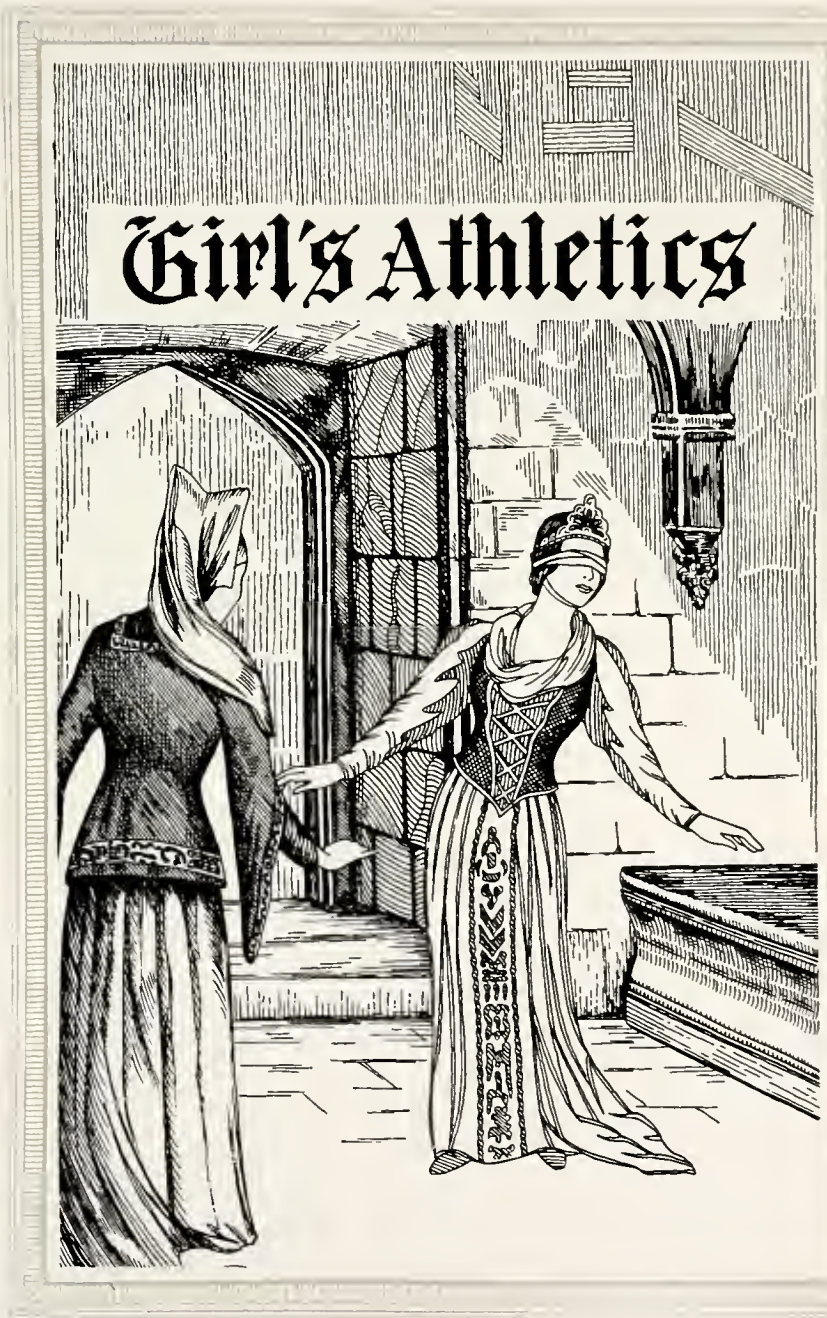

Thus ended another successful season of Intramural Basketball. Each year little difficulties arise, making it necessary for adjustments, but in the end everything helps to make Intramural Basketball a great success. It has improved this year to a high degree, and we hope that next year will be better still.

The standing of the clubs:

Sophomores	7	1
Juniors	5	3
Seniors	3	6
Freshmen	2	5

The leading scorers were:

Player	Team	Points
Worthington	Senior	39
Kintner	Junior	39
Zavacky	Sophomore	30
Kolchano	Freshman	27

Girl's Athletics

Girls' Athletics

Girls' athletics at Mansfield State Teachers College are very closely correlated with the Girls' Athletic Club. Members of this club are eligible to participate in girls' athletic activities. We do not have teams representing the college, but the contests are held between the classes. The Seniors, Juniors, Sophomores and Freshmen each have representative teams in basketball, baseball and track and hockey. Very interesting and exciting games have been held this year between the class teams.

Members of the various teams have earned their numerals after they have participated in one and one-half games. After earning one hundred points in Athletic activities, a girl receives her "M", which, like the numeral, is presented to her by the Athletic Club at one of its meetings.

Not only girls qualified for representative teams have a chance for athletic training, but all girls. The major events in which all the girls can participate are: "tennis, bowling, and swimming". Besides the very important physical value of these recreations, the girls are able to gain twenty-five points towards their "M". The girls, therefore, have a double incentive for enthusiastic participatiou in these sports.

The Athletic Association, besides being the hub of girl athletic activities, has in many other ways benefited the girls of Mansfield State Teachers College.

Girls' Hockey

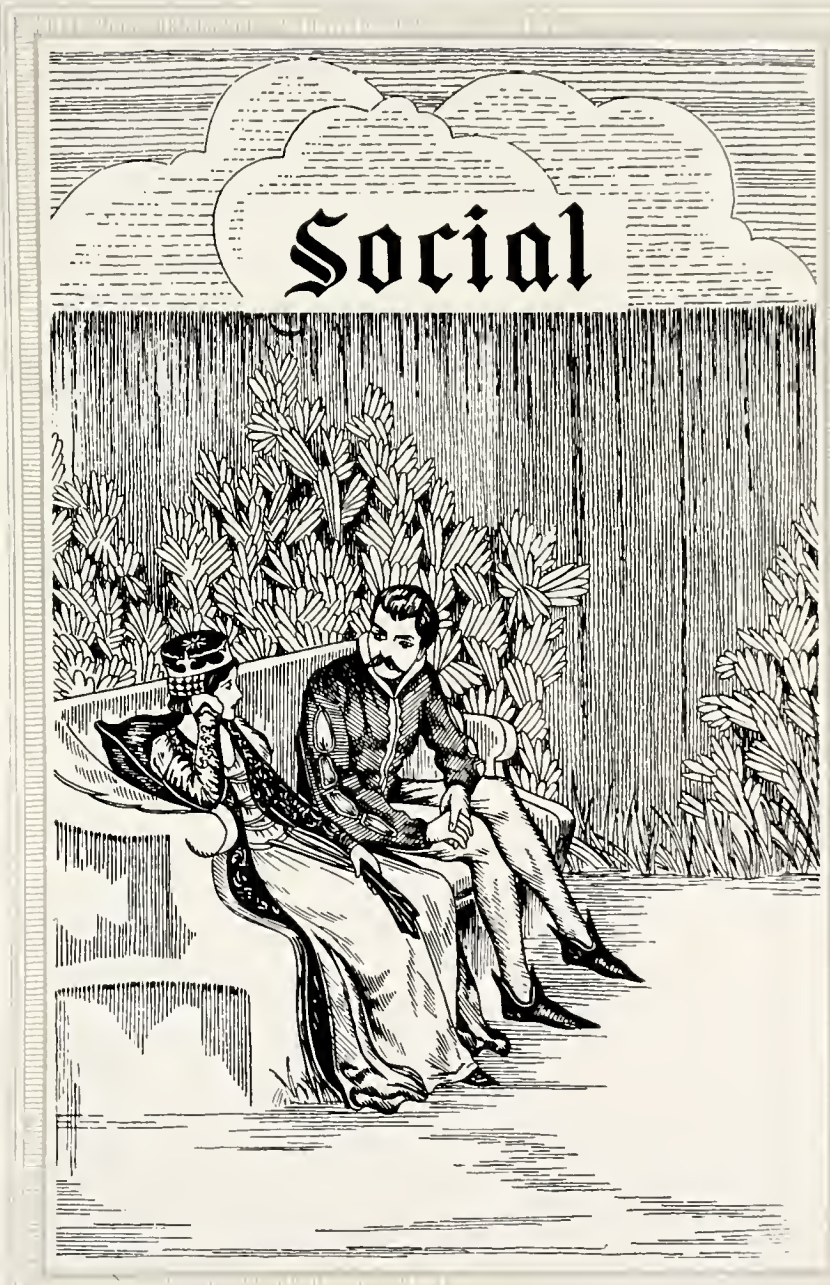

The Fall of 1932 brought the annual clashes between the Freshman and Sophomore hockey teams at Smythe Park. The customary enthusiasm enlivened every game, and the desirable, friendly spirit which characterizes all of our intramural sports made the games enjoyable for the participants as well as for the spectators. The winning of the game was not the main object in playing, but rather the activity itself, although strong competition was always present. The Freshmen merit high commendation for presenting a beginning team strong enough to defeat the powerful Sophomores on several occasions. The Freshmen girls took advantage of their first opportunity to earn their numerals and won twenty-five points toward a coveted "M"; the Sophomores also earned their awards. The contests continued until the Thanksgiving holidays.

Organizations

Trust me, each state must have its policies:
Kingdoms have edicts, cities have their charters;
Even the wild outlaw, in his forest-walk
Keeps yet some touch of civil discipline;
For not man with man in social union dwelt,
But laws were made to draw that union closer.

Y. M. C. A.

This one organization in itself promotes on the campus a true atmosphere for moral, spiritual and social development. It is a part of a world-wide movement which brings to our campus problems from all parts of the world.

Among its activities, the Y. M. C. A. conducts regular weekly devotional meetings. The members are inspired by the informal talks by a faculty member, an outside speaker, or a fellow student. The Y. M. C. A. Gospel Team is a means by which the true spirit of the organization is spread on the campus, in the local churches and nearby villages. In addition to this are the annual dance, musical review, party and hike.

The "Y" Hut, a bungalow ninety by thirty-five feet, situated south of the gymnasium, is the home of the organization. It serves as a gathering place, where the young men may read, listen to the radio, play the piano, play pool, checkers or dominoes, and engage in other phases of recreational activities. It is the final purpose of the "Y" to promote the best in the lives of its fellow members.

First Row: Gingrich, Birriolo, Norton, Taylor, Bryden.
Second Row: Alger, Kintner, Johnson, Reynolds.

"Y" Gospel Team

The "Y" Gospel Team represents the true spirit of the Young Men's Christian Association, and, as its name implies, proclaims the gospel on the campus, in the local churches, as well as in many nearby churches.

It is imbibed with the true Christian Spirit, having in its service certain young men who are qualified and willing to devote a part of their time to the field work.

This year, under the leadership of the chairman, Walter Norton, the team has carried out a more complete program than ever before. Mr. Norton has been ably assisted by Mr. Taylor and Mr. Rapson of last year's team, and with these as a nucleus and an inspiration, several other men have qualified, among whom are Kintner, Johnson, D. Reynolds, Birriolo, Gingrich, Alger and Bryden.

First Row: Felt, Keebler, Gerber, Grigsby, Harrington, Hewitt.
Second Row: Young, Evans, Evans, Rubendahl, Warner, Scheeley, Ziefle.

Y. W. C. A.

The Y. W. C. A. attempts to help every girl on the campus, spiritually, morally and socially.

The weekly devotional services are planned with the realization of the first two aims in view. Members of the faculty, townspeople, and students participate in these inspirational meetings.

The Y. W. C. A. contributes to the recreational life of the college in a number of activities. Foremost among these are the dance, which, this year, was a Valentine affair and a reception. Parties, which are extremely popular, are occasionally given in the place of the regular meetings.

The organization makes financial contributions to a number of worthy enterprises. These include the National Student Council and the World Christian Federation. It also gives aid to needy students from its gift fund. The sale of candy and sandwiches furnishes the money for these enterprises.

In short, the Y. W. C. A. does what it can to make the girl a happier individual.

The Art Club

The Art Club is an honorary society for those persons who attain an "A" in one semester of art. The aim of the organization is to increase the significance of the Fine Arts through the study of the appreciation and the production of beautiful things. This year in the formal meetings we are studying the history of architecture. At our work meetings, each member worked out some Christmas project.

Along with its other activities, it is the custom for the club to sponsor an Art Week, a hand-weaving exhibit from Berea, Kentucky, a soap sculpture exhibit, and decoration for the holidays. It is the wish of the club to leave something representing fine art for its college this year.

"One can live without Art, but not so well. The appreciation of Art is a rich source of happiness."—Charles W. Eliot.

The Dramatic Club

The Dramatic Club began the school year by assembling new dramatic material. A committee of club members selected the new members from a group of candidates who displayed their dramatic abilities to the club.

At a later meeting, the new members were formally received into the club through participation in a unique ritual constituted this year.

The programs of this year showed evidence of an increased appreciation of the dramatic art. The potentiality of the club was enhanced by a male quartet; music was correlated to drama.

In the fall, a play, "A Prince There Was", was produced with unprecedented success. This play was written by George M. Cohan. It is the story of a rich man, who, finding himself bored with life goes to try the seamy sides in a cheap boarding house, where he finds love and happiness.

So with a study and appreciation of drama and its allied arts, the club produced its plays, planned its programs, practiced "make-up"; and it performed all of these with a peculiar social technique: the Mansfield Dramatic Club succeeded another year.

The "M" Club

The "M" Club is an organization of men who have been awarded their varsity letters in any of the following sports: football, basketball, baseball, wrestling, and tennis. The club encourages and promotes school spirit, good sportsmanship, and clean, wholesome living.

Socially, the "M" Club ranks high among the other organizations of the campus. In the fall, the club gave a show and sponsored an open dance, both of which received the hearty approval of the student body. The dance, held in the Spring, a formal affair exclusively for varsity men and their guests, was also a great success.

In the Spring, the public "M" Club initiation never fails to give the student body a week of amusement and fun. As a result, certain men are awarded the letter, and this, with the white sweater is the distinct mark of a varsity man.

Girls' Athletic Club

The Girls' Athletic Club aims to promote athletics among the various classes and in so doing fosters competition in individual and class contests. The Club belongs to the National Sportsmanship Brotherhood and it is through this organization that each year a few girls are awarded good sportsmanship pins. These girls have shown themselves to be good sports in the class-room, on the campus and in general school life, as well as in athletics.

Rurban Club

Miss Cornish, who is the sponsor of this club, has developed one of the best, well-rounded, active clubs on the campus. Giving an all-round social and educational program to the country child is the main purpose.

There are many things we pursue to accomplish this aim. Some of these are: giving aid to some of the rural schools in respect to equipment, purchase of several traveling libraries for the rural school's use, giving aid to the fomer members who are in the teaching field; through visits to the schools, we are trying to solve some of their problems.

Besides the serious phase we have a very enjoyable side which is evidenced by our frequent social evenings and the special features of our club meetings. During Rurban Club Week, the whole school has an opportunity to learn what we are doing; also it enjoys some of its entertainments, the Rurban Club Play topping them all.

Kappa Delta Pi

Kappa Delta Pi, a national educational honor society, was established at the University of Illinois in March, 1911. Beta Rho Chapter at Mansfield was installed May, 1930, by Dr. Alfred Lawrence Hall-Quest, Columbia University.

The purposes of the organization are to encourage and uphold professional and scholastic ideals and to recognize outstanding success in the field of education.

This year the meetings are given over to the study of education from the international point of view. Various members of the faculty have entertained by talks on the phases of education in which they are informed.

Juniors and Seniors having six semester hours of education and ranking in the upper quartile of their class are eligible for membership. It is the custom to admit approximately thirty new members each year.

Phi Sigma Pi

Phi Sigma Pi, professional fraternity for men in teacher-training institutions, is the oldest fraternity on the campus. Leadership, scholarship and character determine its personnel and permeate the entire fraternal situation.

Theta Chapter has just completed the most ambitious program in its history and one for which it has been nationally commended. Monthly banquets have been held throughout the school year and each meeting has featured a popular speaker. A picnic, two dances and a show were among the functions sponsored by the group, and it is interesting to note that one or more of its members have been affiliated with every campus organization and activity. A large delegation attended the Eastern Conference of Phi Sigma Pi at Indiana, Pa., at which time a song, written by two members of the chapter, was officially adopted by the Grand Chapter.

Phi Mu Alpha

Since its establishment in May, 1931, Beta Omicron Chapter of Phi Mu Alpha Sinfonia has directed its efforts toward carrying the traditions of Sinfonia to Mansfield. With a present membership numbering twenty-five active men, Sinfonia continues in a spirit of professional fraternalism. Inspired by the motto: "The Manly Musician and the Musicianly Man", every member has taken an active part in musical activities. This has meant the preparation of musical programs of finish and quality. These have been given both here at school and in neighboring communities with a view to spreading the scope of better music.

Sinfonia includes in its programs a variety of musical numbers, both vocal and instrumental. The orchestra is composed of twenty-two active men, and is directed by Brother Harry Swain. Other groups include a wood-wind quintette, an instrumental trio (Violin, Clarinet, Piano), and chorus.

Beta Omicron bids a fond farewell to the graduating Seniors and extends best wishes to its Alumni in the field.

Lambda Mu

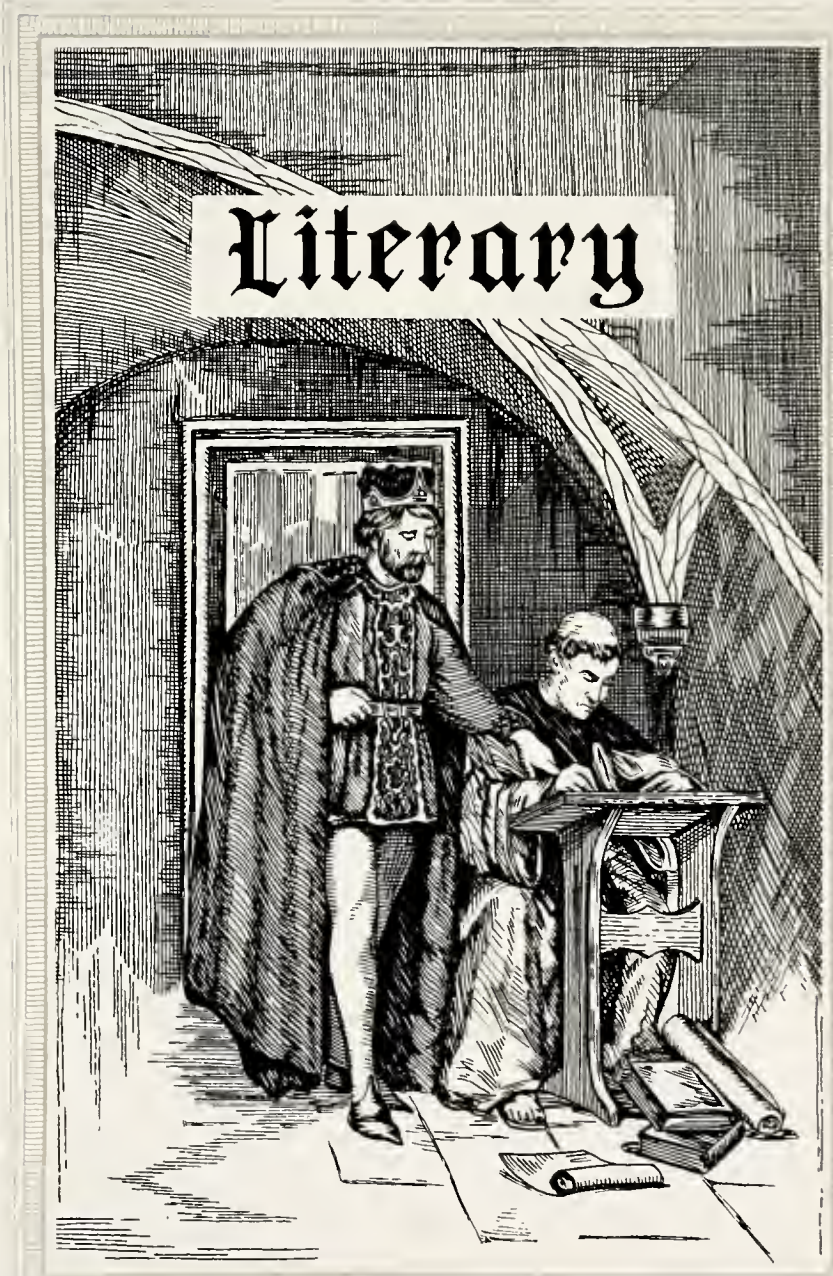

Lambda Mu is the youngest fraternal organization and the only sorority at Mansfield. This organization was initiated in 1931 by members from the Junior and Senior classes of the Music Supervisors' Department. Lambda Mu is looking forward to becoming affiliated with a national musical sorority soon.

True to its name Lambda Mu, which means Learning and Music, carries high ideals concerning scholarship and musical ability. This sorority aims to promote general interest in music through public performances and by sponsoring music programs. It encourages and affords opportunity for developing individual talents and interests in music. Last, it aims to develop character and personality through loyalty, helpfulness, and cooperation which are the bonds of true Sisterhood.

Fraternity

"But Fame with Man,
Being but ampler means to serve mankind,
Should have small rest or pleasure in herself,
But work as vassal to the larger love,
That dwarfs the petty love of one for one."

—Tennyson.

Emersonian Club

"Education is not a preparation for life—it is life itself." You are right, Mr. Dewey, as we Emersonians have discovered for ourselves in our meetings of the past year. We believe we have founded an organization which will have a permanently indelible influence upon the lives of each of us. Like our namesake, R. W. Emerson, we have become philosophers and have unearthed rare intellectual pleasures in our informal, moral, and spiritual contacts together. We have selected a small group of homogeneous individuals and have worked and grown together. Some of us are of the opinion that we have derived more real education from our all too brief meetings than from our classes. If this be treason—well—.

The S. P. Q. R.

The S. P. Q. R. is an organization of students interested in Latin. Their meetings this year have been devoted to the study of the Odyssey.

At one of the first meetings of the year, Dr. Belknap spoke on the Illiad and the Odyssey as the material on which was based the educational system of the Greeks, a race whose intellectual keenness probably surpassed that of any other nation, ancient or modern.

The S. P. Q. R. was the sponsor of the Latin Club Week, observed from February the twentieth to the twenty-fourth. The address which Dr. Frederick Lent, the President of Elmira College, gave on Virgil before the student-body on February twenty-first was the main feature of Latin Club Week. On the evening of the twenty-first, the Latin Club members entertained their friends. At that time, a "Revue" of the especially good numbers from previous programs, together with interesting new material, was presented.

The Latin Club had a very successful year and proved to be an inspiration and a guide to the entire student body, as well as the Latinites.

Le Cercle Francais

Le Cercle Francais, although it is one of the smaller campus organizations, plays a part of major importance in the lives of those people who are so fortunate as to be members of it. Since membership is restricted to students who have at least a basic knowledge of the French language much of the club work is carried on in French.

French literature—even grammar—is doubly interesting after club discussions of the French people and their background, especially since the human element is always the center of interest. But they say, "Variety is the spice of life", so games which bring about considerable activity and bursts of laughter punctuate the more intellectual discussions. The club also recognizes the value of music, without some form of which a meeting is scarcely complete.

Le Cercle Francais is then, primarily an auxiliary to the French courses, which has as its aim the development of a keener and finer appreciation of the culture represented by the language. And in this educational aspect alone Le Cercle Francais well repays its membership for that small portion of time devoted to it.

Das Vereinlein

Das Vereinlein is a social–cultural organization which aims to foster an appreciation of German culture and civilization, and to stimulate an interest in German.

One semester of German or its equivalent qualifies one for membership in the club.

Each year the club sponsors a German Week during which it presents to the school a program of "things German". This year the program included unique musical numbers, an extensive library exhibit, and two unusually interesting lectures by Dr.Koischwitz of Columbia University. Dr. Koischwitz stimulated philosophical thinking in the student body by his treatment of "Modern Trends in Psychology", and "Nationalism and Internationalism". These lectures were certainly outstanding intellectual contributions of the year.

The German Club offers a small loan of twenty-five dollars to any students who have financial difficulties.

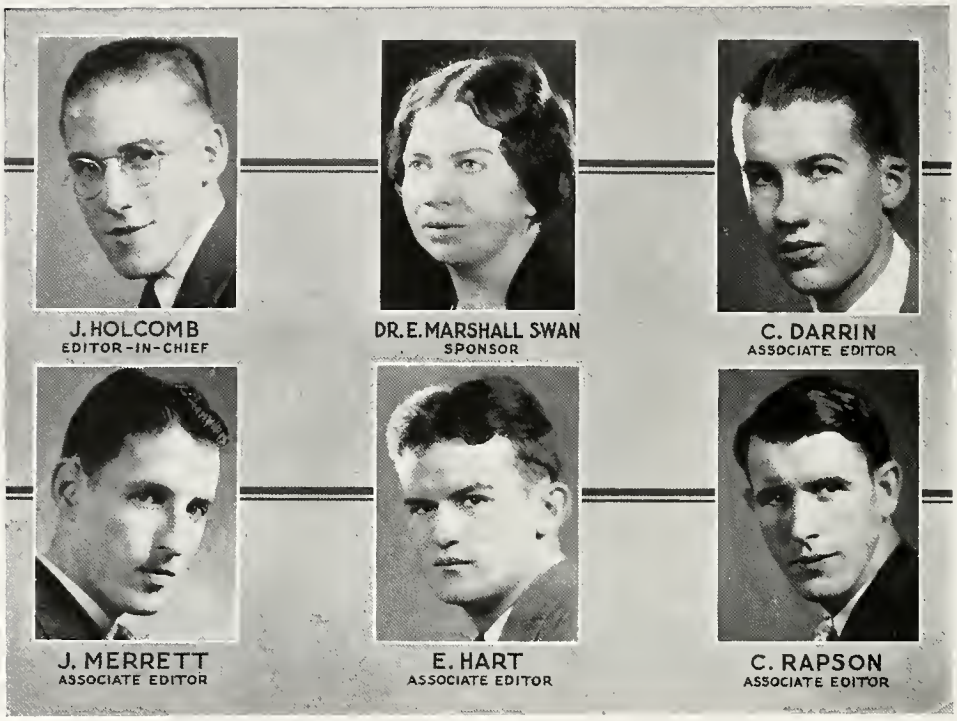

Das Vereinlein apparently possesses the German "Geist" which makes it intrinsically genuine.

The Cadence

The Cadence (The Last Thing in Music) was first published in 1929 as a quarterly of the Music Education Department, sponsored by Mrs. Grace E. Steadman, Director of Music Education. It was to serve as a medium of communication between Mansfield and her alumni in the field as well as an outlet for news of Mansfield's music activities to musical America. The Cadence has served its purpose to a large extent and has been given recognition by the leading music magazines of the country.

Each year individuals outstanding in the music world have contributed articles. This year articles by Professor Norval L. Church, Director of Instrumental Music, Columbia University, and Dr. Will Earhart, Director of Public School Music, Pittsburgh, Pennsylvania, have appeared.

The Flashlight Board

During the current school year the "Flashlight" has cast its powerful beam across the campus, searching here and there for news, playing upon some college activity, or illuminating the students with brilliant previews and reviews. It was also the medium for the formation of closer bonds between various organizations and departments, as well as between faculty and students.

The "Flashlight" Board had as its nucleus a group of older members which was augmented by a number of recruits, all of whom ranked high in literary and journalistic ability. The experience of the old members together with the enthusiasm of the new, has led to the publication of a superior volume of the "Flashlight".

The number of issues was necessarily decreased by limited State appropriations. However, the Board met this handicap by raising the standards of the paper.

Student interest and support, together with the help of a faithful sponsor and the labor of an ambitious chief editor, has enabled the "Flashlight" Board to conclude a most successful season.

The Carontawan Board

In the year 1917 the idea of a year-book was conceived. Five girls in room 510½ in North Hall were conversing leisurely when one, who was perched high on a trunk, exclaimed, "I wish Mansfield had a yearbook". The remark fired the whole group and they immediately began to scheme and plan. A suitable and symbolic name was chosen and the first "Carontawan Board" was duly appointed. It is quite impossible to realize the courage necessary or the difficulties encountered in the publication of the first "Carontawan".

We wish to express our admiration of that pioneer board and all others who have gone before us in this cause, and we sincerely hope that our efforts in publishing this volume have not been in vain and that this "Carontawan" is worthy of its noble lineage as well as wholly acceptable to you.

Training School

Training School

The student attending a teacher-training institution presumably intends to become a teacher. It is essential that he be given a complete training with the art of teaching as a goal. There is needed in this training an opportunity to observe teaching and actually to engage in it under expert guidance. The Model School and Junior High School at Mansfield provides this opportunity, at the same time serving as models of elementary and secondary organization.

The fundamental purpose of a training school is to serve as a laboratory in which the student teacher verifies his educational theory and principles. The entire program of professional training centers around them, for it is here that the student teacher may properly evaluate, in the light of learning situations, those things which he has mastered in college classes. The training schools are planned on the theory that the best interests of the student teacher and the best interests of his pupils can be made to harmonize and that whatever interferes with the proper development of the other is professionally unsound.

The training schools are unquestionably the source of many of the student's most meaningful experiences while training.

The Junior High School

That modern red-brick building situated on the hill at the eastern end of the campus is the Junior High School. A little known place for underclassmen, it becomes a veritable laboratory for the seniors. There they strive to acquire the art of teaching and to give their pupils the type of education which the junior high school idea embraces.

The Junior High School has well-equipped Industrial Arts and Home Economics departments, which aim not only to give the pupil an opportunity to explore certain vocational fields, but also to give him practical experiences. The physical welfare of the child is looked after in a well organized and varied program of athletics, in which every child has ample opportunity to participate. All these things are, of course, in addition to the academic curriculum.

The school is under the direction of Mr. Webster and a group of able supervisors who are specialists in the junior high school child. Under such capable direction, the school graduates each year students well-equipped for senior high school, and student teachers who are grateful for having been under kindly and sympathetic supervisors during their first teaching experience.

The Training School

The Training School is a vital part of Mansfield State Teachers College. In this building the students who are studying to be teachers in the elementary field receive their teacher training which is a necessary adjunct to the knowledge equipment obtained in a teacher training institution.

Under the very competent guidance and direction of Dr. George A. Retan and his staff of supervisors, Mansfield embryo-teachers acquire a real and vital experience for entering the teaching profession.

The Music Supervisors' Club is the largest of the organizations within the Music Department as it includes all of the Music faculty as well as the students of that department. It has as its principle aims that of keeping informed concerning activities in the field of Public School Music and of fostering and promoting music in the college and community.

During the meetings, the study of special articles appearing in the Cadence was the special feature. The study of Early American Music, begun last year, was also furthered this year.

This entire organization goes to make up the Mixed Chorus of 150 voices which in turn comprises the Cecelian Glee Club of women's voices and the Mendelssohn Choir of men's voices. The Mixed Chorus presented the following numbers in concert this Spring: "What Saith My Dainty

The Cecelian Glee Club and Mendelssohn Choir also appeared at this time; the former presenting "Come Sister, Come", Mackenzie, and "The Snow", Elgar, and the latter "Where'er Ye Walk", and "Beat, Beat, Drums". The entire chorus also presented in an Armistice Day concert for the D. A. R., Coerne's cantata, "Song of Victory".

Also in connection with the Music Supervisors' Club is the College Opera Club, which each year presents an opera at Commencement. Since 1922 ten operas have been produced at the college. This number includes: 1922, "Bluff King Hal"; 1923, "Marriage of Nannett"; 1924, "The Mikado"; 1925, "Martha"; 1926, "Iolanthe"; 1927, "The Pirates of Pensance"; 1931, "The Chimes of Normandie"; 1932, "Robin Hood" and this year's choice "The Yeoman of the Guard". This opera is one of the more serious of those composed by Gilbert and Sullivan.

Until the final performance of the opera the Music Supervisors' Club works for the promotion of music and with this final production closes a year in which it feels that its aims have been furthered.

The Vested Choir

During the few years that the Vested Choir has been in existence it has come to be recognized as one of the leading choral organizations of the College. The choir is composed of fifty carefully selected voices and is as nearly perfect in balance as is possible.

Under the direction of Mrs. Steadman and that of some of the Seniors the choir has appeared several times in the Vesper services, singing sacred numbers, many a cappella. Among other sacred compositions used were parts of the oratorio, "Elijah".

The organization proposes to furnish the best in choral music and to give those in the choir and in the audience an appreciation of the old masters as well as the new ones.

The Symphony Orchestra

The Symphony Orchestra at M. S. T. C. is one of the organizations to which we look with pride. The orchestra, composed of sixty members, is under the direction of Dr. Will George Butler and has done some fine work during the past year.

It is always the object of the group to acquire an appreciation for the greater compositions by playing them. With this aim in view the orchestra studied the work of Mendelssohn early in the season and gave a concert of Mendelssohn music in Vespers and Elmira. This program included "The Italian Symphony", "Fingal's Cave Overture", "The Rui Blas Overture". In February the orchestra appeared at Community Vespers in a concert of Liszt compositions, including Les Preludes, The Second Hungarian Rhapsodie and Liebestraum. Toward the end of the year the studies reverted to the masters, Beethoven and Mozart.

Besides giving several concerts each year at the college, the orchestra makes an annual appearance in Elmira. In addition to these activities the group appears three times each week in chapel.

The Band

Not only is this organization one of importance in the music department, but it also occupies a prominent place in the whole of campus life.

The concert band, which is under the direction of Mr. Myers, boasts a personnel of about fifty members this year. This includes the addition of four horns, making a double horn quartet, and five basses.

The Schubert Unfinished Symphony and Two Oriental Sketches by Burleigh, are examples of the more serious work done by the band. Band members will remember with laughter the adventures with such numbers as "The Whistler and His Dog", and the "old-timer", "The Light Cavalry Overture". One of the innovations in band work this year was that of using the band in accompaniment to singing voices, both solo and in chorus.

The band appeared this year at every football game at home, at the "Bloom" game in Bloomsburg, and at all the home basketball games. "Dick" Gilbert deserves much praise for his excellent work with the drill band, which appeared at the football games, and for his cleverness and originality in his position as drum major. The band appeared in concert at Vespers in the Fall and at the Charleston High School. Besides these activities it presided every Thursday morning in chapel and furnished a special number besides the ever-present and peppy "Going-Out-March".

Omicron Gamma Pi

If you are a Home Economics student, you will be interested in the Domicilian Club, which is one of the oldest societies on the campus. It is especially for the students of the Home Economics Department. The club emblem is ΟΓΠ—Home-making, to Know and to Teach. The club is a member of the American Home Economics Association, and keeps in touch with national subjects which are of interest to it. A news-gatherer collects this material and reports at the monthly club meetings.

The club maintains a student loan fund, which may be borrowed by some senior.

During the year, the club sponsors guest speakers who help us to appreciate different branches of the Home Economic teaching field which we hope to enter.

Home Economics

In this period of economic depression and social change from what has been more or less stable and traditional in America to the experimental epoch in science, religion and morals, we are realizing the great value to the nation of good homes in all communities. The need for special training in the successful setting up and maintaining of such homes has become a necessity. The home as an institution is outstanding in its influence on the character of its members. It is safe to say that the character involved in good citizenship is dependent upon home environment.

National standards are simply home standards on a larger scale. If we are interested in having national life of the right type, it is necessary to have similar home life.

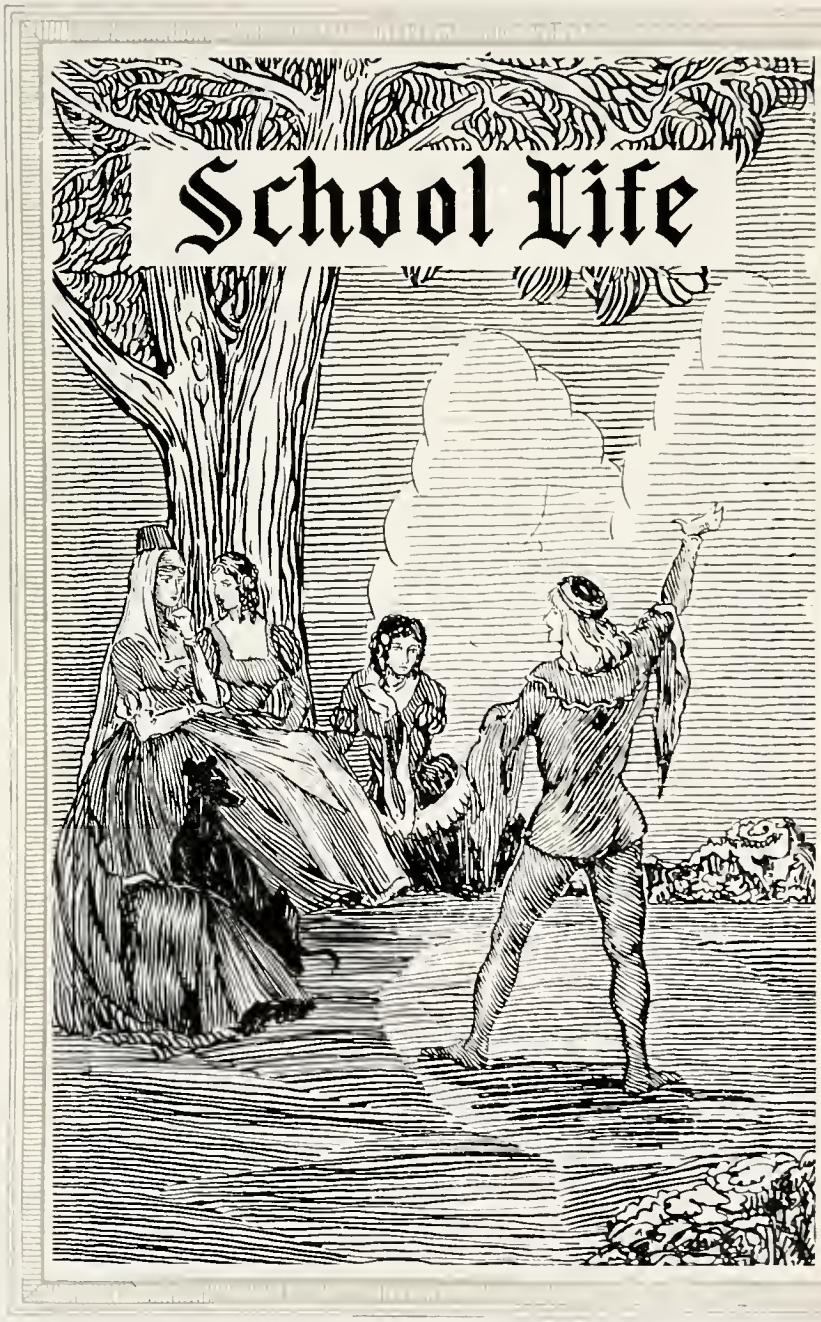

"Man works that he may have a home—a house to live in, a wife and children, an abiding place where the heart is. A home of peace, orderliness, beauty and comfort, culture and grace, is the finest thing he can get out of life. To build such a home is to do a great work as a citizen."

When the home and industry were one and the same institution, living was simple. Now that the home is dynamic and changeable in character, it calls for a new knowledge of abilities, skills and appreciations.

Emphasis in Home Economics is placed on training girls to be homemakers, and to develop qualities which will make the home:

"Economically sound,
Mechanically convenient,
Physically healthful,
Morally wholesome,
Artistically satisfying,
Socially responsible,
Spiritually inspiring,
Founded upon mutual affection and respect."

School Life

Waiters' Force

Just as a single stone has its place in a wonderful mosaic, so the Waiters' Force forms an integral part of our college organization. Not only is it valuable from the students' point of view (to serve three meals a day between vacations), but also from the standpoint of the benefits realized by the waiters who compose it.

The training which a waiter receives on the Force is apt to breed in him two traits which are vital to successful living. The first is that of personal responsibility—often emphasized but too seldom attained. The other trait, that of service, is invaluable if one is to cope successfully with the complexity of modern, everyday life.

Sophomore-Freshmen Hop

The Sophomores and Freshmen followed the example, this year, of the Junior and Seniors last year. They combined their dances and had one big affair. This was a big help to the Freshmen for it enabled them to have their dance in the evening. Usually the afternoon is the time for the Freshman Frolic.

This gala affair occurred on the night of January 28th. By eight o'clock the dance was well under way and at eleven the dancers were loath to leave.

The decorations committee, Marjorie Hamlin and Virginia Leininger, made an excellent showing. The Gym was decorated beautifully with crepe paper and balloons.

The refreshments consisting of punch, cookies and cakes were very tasteful, thanks to the competentness of the refreshment committee.

The Melody Makers furnished excellent music which made the dancers wish for more, even after the closing dance.

"Y. M." Dance

The Y. M. C. A. members and their guests on light fantastic toe made the evening of December tenth a very enjoyable one. The Red and Black Pennsylvanians furnished the music. The unusually fine decorations gave that pleasant atmosphere which is needed to make a dance a real success.

The "M" Club Open Dance

All those who were lucky enough to have attended the "M" Club Minstrel on December twelfth received free admission to the "M" Club dance on the following night. The club furnished a tip-top orchestra and even refreshments. Who forgot to tell the "M" Club that there was a depression? We extend our thanks to the club; they are good sports.

Y. W. Dance

On the evening of February eleventh the Y. W. C. A. held its annual dance in honor of St. Valentine. The gym was decorated with many red and grey hearts, and gay colored balloons. Howard Hallock's Aces furnished the music. It was really quite a shame that St. Valentine couldn't have been present to enjoy this delightful dance. He would surely have liked the heart shaped cookies and the punch.

The Junior Prom

On Saturday night, March the eleventh, the Juniors celebrated with their annual Prom. In keeping with the time of year they had decorations of green in honor of St. Patrick.

The chairmen of the various committees contributed greatly to the success of the evening. The orchestra, the decorations, the refreshments were all that anyone could desire.

Phi Sigma Pi Formal Party

Along with the Mansfield program dance history must go the recording of the Phi Sigma Pi Formal Party. This year's party was a complete social fit for everyone. If you didn't fit into the dancing network, you could play cards or put jig-saw puzzles together.

The party was held at the Junior High School on the evening of March twenty-fifth. The fraternity had neatly decorated the gym and furnished an orchestra which could lighten the head, heart, and feet no matter how heavy they were. Soon after the refreshments were served it was necessary for the dancers to start toward the dormitories. As the Phi Sigma Pi members and their guests returned they could not help but realize how well their athletic and physical appetites had been satisfied.

Private "M" Club Dance

It is a real honor to get an invitation to the Private "M" Club Dance. This dance has always been known as the most charming and elite dance of the year, and it did not fail to live up to its reputation this year. The programs, refreshments, decorations and an unusually good orchestra made the dance one that will not easily be forgotten.

The Senior Ball

The Senior Ball is always the crowning social event of the year. Every student regards this dance as the climax on his social calendar. In every way this dance was one which everyone who attended will never forget. The decorations, the programs, the favors, the orchestra, the refreshments excelled those of other years, it seemed.

The orchestra is the thing which makes a dance successful or unsuccessful. A nationally known orchestra helped more than anything to make the ball a shining event. Many remarks were made after the dance, which confirmed this statement. It is extremely difficult to please such a large and discriminating group of dancers.

The favors added greatly to the programs. This is a custom which always gives us pleasure. After the dance is over we have some concrete object to bring back memories of our good time.

The Gym was adorned with beautiful designs of crepe paper. The new coat of paint on the Gym made it much more susceptible to beauty. As a whole the Senior Ball was a great success.

Chronicles

Sept. 11. The faculty have their last day of peace and quiet.

Sept. 12. The rush is on. The poor frosh succeeded in following the crowd to the building, but their troubles commenced when the crowd once inside the building went in every direction. In spite of this the upper classmen have to hand it to the frosh for doing as well as they did. Perhaps most of the new comers felt rewarded for their efforts when the Y. W. girls handed them a glass of good cold punch at an informal reception that afternoon.

Sept. 13. What a day for hearing rules rehearsed. The first dance of the year was a success. The girls certainly were thankful for leap year.

Sept. 14. Many of our heroes were refused enrollment, we having something new this year besides the rock garden and the heating system. It's the quota.

The big sisters had a hike for their little sisters. The refreshments were pretzels and whatever goes with them. Apples, I believe. At night the Star Theatre was packed. Everyone seemed to be glad for a night out. Classes begin.

Sept. 15. Classes all day today. The faculty couldn't even have the evening off. They had to prove to the students that there is more than one side to every question. What cute little yellow aprons and caps they wore at their party.

Sept. 16. Phi Sigma Pi goes on a hike to Robin Hood. They are a strong group, but they took plenty of onions along for protection. The hikers returned just in time to join the other students in Straughn Hall, where they saw "The Lost Squadron". No, we aren't referring to the "Frosh". That was the name of the picture.

Sept. 17. Another dance just to keep people up on their toes. The Y. W. gives a party for girls who can't dance.

Sept. 18. Everyone seems to be enjoying the new heatless plant. Did you bring back a new fur coat to wear in your room? You won't need it outside.

Sept. 20. Latin Club holds its first meeting. Vires acquirit enundo.

Sept. 21. Little green bows, dinks and placards are beginning to appear. Perhaps we have some real Freshmen after all. It's too bad the Freshmen weren't made to bring up the rear in that everlasting line for table assignments. Quite a new idea picking out one's place in the dining room by lot. Big crowd also at the Fair today.

Sept. 22. The students seem busier with the Fair than they do with their subjects. Perhaps they have heard that phrase—"Go it while you're young."

Sept. 23. The first rainy, dreary day of the year. By night half the school is off for a good time.

Sept. 24. The few students who remained for the week-end enjoyed the fire works from the "Y" Hut porch.

Sept. 26. Kryl and his band were at the Senior High School. Wasn't it a break to be out after ten?

Sept. 28. The Carontawan people are busy with their sales. Everyone is watching to see what the big arcade thermometer registers.

Sept. 29. Dr. McNair talks at Y. W. meeting. "In My Father's House Are Many Mansions."

Sept. 30. Miss Perkins, Mr. Ross and Mr. Kanady give a recital in Straughn Hall.

Oct 1. The Y. W. and Y. M. reception proves to be a great success.

Hurrah for the football team; we tie Cortland 6–6 on their field.

Oct. 3. Art Club goes on a picnic, but the rest of us are left at home.

Oct. 4. Then we have another picnic. This time it is the Domicilian Club. Looks as if the male sex might be totally unrepresented. It's a good thing, because we know how over-represented this whole school is with that sex.

Oct. 6. Students enjoy a "whaling" good lecture this morning. Everyone knows just how to catch a whale, but is mighty afraid he'll be caught by the teacher. He hadn't planned on his eleven o'clock class.

Oct. 7. The card sharks get a chance to show their stuff. Yes sir, there was a regular card party in the Gym. Jo. E. Brown appeared at the Star this week.

Oct. 8. One of the days when it is a pleasure to belong to the Student Council. Dr. Straughn entertains members at Country Club.

Mansfield beats Dickinson 2–0, and then that big bonfire after the dance.

Oct. 9. The place is just overloaded with visitors. Dr. Straughn wasn't expecting to have Parents' Day this year.

Oct. 10. Didn't get soup or hash today, but it's blue Monday just the same for the pessimist.

Oct. 11. What's this we hear about a Girls' Orchestra?

Oct. 12. The first snow. All quiet on the eastern front.

Oct. 14. Here's something new—records for the panatrope. What zest they add to the gym dances. No wonder—they say Art Houseknecht helped to pick them out.

Oct. 15. Movie in Straughn Hall—one of those "Oop-de-oop" pictures.

Oct. 19. Downtown and commuting girls have meeting and party in the gym. Moral: Those who arrive late receive no refreshments. That's right, Al.

Oct. 21. Oh, it's nice to have a quarter plus a dime to go to the Star with a good friend of thine.

Oct. 22. Everybody is off for the third big game of the season. The mountaineers continue in their winning streak. Bloomsburg is defeated 7–6. There was one touchdown and one break-down. Ask Blanchard about the latter.

Oct. 23. Community service at 7:30. Lilly Ray visited Ruth Sypher so Norman Harris tells us.

Oct. 24. Star Theatre presents "Smilin' Through". Betty Marco returns from Blossburg Hospital.

Oct. 25. Kathryn Williams announces her engagement to Howard Marsh.

Oct 26. And more rain. Why must we get wet just because we don't like to carry umbrellas?

Oct. 27. After several postponements the Girls' Athletic Club succeeded in having their picnic—but what an unexpected rush in the dining room that night: It wasn't ice cream night either. Witches held high carnival in Y. W. rooms at 9:00 p. m.

Oct. 28. "The woman always gets the last word." So we were convinced when we returned from "Ladies of the Jury." Do you speak French?

Oct. 29. Mansfield beats Millersville 7–6. We'll have a banner season yet. All kinds of good-looking, ugly, and queer beings meet in the Gym for a Hallowe'en festival. There people were duly filled with apples, punch, and doughnuts before leaving.

Oct. 30. The Band entertains at Vespers.

Oct. 31. It's Hallowe'en for everyone

but us. Ours was all over Saturday night at ten.

Nov. 1. Rain—therefore no group pictures. Max says he didn't order rain. Who did?

Nov. 2. Girl Scouts hit a trail blazed by Miss Wagner and patrol leaders around the gym. What sights—rattlesnakes, etc. They saw stars on their way back.

Nov. 3. Miss Cornish speaks to the Y. W. girls on Politics. Too bad we didn't get a chance to vote.

Nov. 4. Last day of Girl Scout Leadership course. Faculty concert is given by Miss Atwater, Dr. Butler and Mr. Greeley.

Nov. 5. How relieved we are after a week of examination worry! But—they aren't all over yet. Mansfield beats Stroud 7-0. What a crowd and what a game! Yes, we have an "M" Club tag.

Nov. 6. Dr. Gwinn is late at vespers. Remember?

Nov. 7. Elliott James visited us in chapel today. He says the housewife of the future may cook on ice. Believe it or not.

Nov. 8. Another visitor in chapel—None other than Mrs. Dewey Noyse. Oh, to be in a derby!

Nov. 10. Miss Doane speaks at Y. W. Her topic was, "Y. W. Comes of Age."

Nov. 11. The Welch Imperial Singers are here. Everybody wonders why we didn't clap louder at first. Guess we must live and learn.

Nov. 12. Mansfield loses the last game of the season to Ithaca. At night we have a big banquet, the football players get presents. They are good presents, too. Some even got pianos, automobiles, and cooking utensils. The crowd hurries down from dinner to a movie in Straughn Hall. Remember Miss Pinkerton? Then guess what? We dance 'til eleven.

Nov. 13. Rain. No Baptist Church at night. Some of the couples get fooled.

Nov. 15. The first Flashlight comes out today.

Nov. 17. Dr. Doughton speaks at joint Y. W. and Y. M. meeting.

Nov. 18. Dramatic Club has its annual play. There is an extra big crowd. "A Prince There Was". The Dramatic Club has purchased new curtains for the stage.

Nov. 19. More snow. Star Theatre has a matinee. Now we know all about Red Headed Women. Madeline King Bartelle gives a concert in the evening.

Nov. 21. Just one more day before vacations. Indeed it must have already started. If not, why such a grand turkey dinner and dance? The Girls' Band surprised everyone with three new numbers. Ask Pearl Hartman who her little "Woosis" is. Of all the Dutch maidens—they served punch.

Nov. 22. Everyone is off for a few days rest—oh, pardon, I didn't mean rest.

Nov. 28. What a day after such a marvelous vacation!

Nov. 29. We are back on the job.

Dec. 2. "M" Club has its Annual show. Everyone is glad to journey down to Straughn Hall to get the story of Uncle Tom's Cabin reviewed for himself. It may prove valuable information for use in some future English class. After seeing it, we have our doubts. Some of the boys also entertained with a skit. Lawrence Crittenden and Ted Besancency do make such good-looking girls.

Dec. 3. Today is almost like Spring. The "M" Club serves punch and cookies at their dance in the evening.

Dec. 4. Orchestra plays at Vespers.

Dec. 5. Miss Love was extremely worried today when she saw about fifteen J. H. children emerging from back kitch-

Dec. 13. New rule passed which forbids couples to stand in hall; one must go in the reception room.

Dec. 14. Reception room is overcrowded this noon. There was scarcely standing room. Looks as if we might have to build a new social building.

Dec. 17. Phi Sigma Pi has its open dance. How thoughtful of them!

Dec. 18. Emersonians give a Christmas play at Vespers. Don't you remember about the poor, kind shoemaker?

Dec. 19. This begins our last week of school this year.

Dec. 20. Norman Harris plays the part of Telemachus at Latin Club. More power to him in the field of dramatics.

Dec. 22. No wonder teachers get gloomy. Students dream of vacations while they are here and forget what little they did know during vacations. That's the way to be collegiate.

Dec. 23. The whole place is deserted by night. Workmen have already started to make use of the student's absence by remodeling the gym and re-upholstering the reception room furniture. They say the Freshmen were unusually hard on it this year, especially before Thanksgiving. It's said that the Student Council even went so far as to give Carl Johnson individual furniture for the reception room.

Jan. 3. Some people think that they think it is tough to get to work again after ten whole days of vacation, but truly they are glad to be back among their college friends and last but not least, their lessons. What were those signs posted along third? Ask the president of the W. S. G. A.

Jan. 4. Everyone is back now. The waiters seem a bit gloomy. Most of them got a break on Tuesday by not having any customers. The J. H. S. teachers were the first on the scene. Oh, well, the early bird catches the worm, but they say they don't like worms.

girls to sell magazines will be there to talk with any girls.

Jan. 11. The Magician amuses the faculty and students. Edward Carberry, of the J. H. S., helps to make it an appreciative audience.

Jan. 16. All quiet on the Northern Tier. Everyone is cramming for exams.

Jan. 17. This is one day when the J. H. S. teachers can be glad they are not in classes. They give exams instead of taking them. More fun . . . but some flunks.

Jan. 19. The Legion Minstrel comes to town. Everyone from Hollywood was there. Marie Dressler always makes a hit. Students were very honored to be able to see Laurel and Hardy, Jean Harlow and Edna May Oliver in person. Did you see that big tall colored gent dancing with the little short man?

Jan. 20. Everyone seems to have deserted the place. Perhaps they went home to scrape up money for the new semester. There's a dance in the Gym.

Jan. 21. The school gives us a treat —"Robinson Crusoe". Students were glad to find out how Park Ave. and 52nd Street looks now.

Jan. 23. If you have been wondering who those dressed up people are around here, may you be informed that they are none other than the new J. H. S. teachers.

Jan. 24. Senior Home "Eckers" have left for various points in the state.

Jan. 26. The tired or rather retired J. H. S. teachers throw a party.

Jan. 27. The "Blond Venus" visits Mansfield. Men do fall for blonds, but we have a large supply here at Mansfield—that don't fall.

Jan. 28. The Frosh and Sophomores put on the first Formal dance of the year. They called it a Hop. At the close of the dance most of N. H. girls were hobbling instead of hopping.

Jan. 29. The Gospel Team has charge of the Vesper service. Donald Reynolds is the speaker.

Feb. 12. It's Abraham Lincoln's birthday. We help celebrate by eating an extra big meal at one. We are glad you lived, Mr. Lincoln. Miss Guiles arrives. She was the fashion expert, you know.

Feb. 14. Everyone gets a Valentine. Some even get two—but really it's only one that matters. Some of the girls put on a fashion show.

Feb. 15. Miss Guiles gives a talk on color. Remember that one she told about Ann Boleyn. The little boy tells his mother than Ann was a flat iron. Mother in wonder asks who told him that. He answers that he read in his history that Henry VIII broke off with Kathryn de Medici and pressed suit with Ann Boleyn.

Feb. 27. Frosh girls beat the Sophomore girls in basketball. Ye Frosh!

Feb. 28. Hostess meeting. Here is a question: Do your tables talk too much or not enough?

March 1. Welcome March. It won't be long now.

March 2. Miss Cornish speaks at Y. W.

March 3. The wrestling team has a movie. Didn't give any hints on wrestling, but it did on football. We see Frank Carideo, but not in person as we hoped to earlier in the year.

March 4. Most all Council members left for the week-end. Perhaps they went to the Inaugural Ball.

March 6: Everyone gets back after a week-end away. Banks were closed by decree of the President, but that didn't matter with us. You see, students don't have enough money to keep bank accounts.

March 8. The Athletic Club turns Irish for one evening. It pays to be Irish—so they say. The club entertains two visitors. We'll not mention who they were.

March 9. Kappa Delta Pi elects officers for the coming year. Robert Alger has the honor of being next year's president.

March 10. Boston Male Choir, with three sopranos, entertain. We didn't forget to applaud this time. Cf. Welch Imperial Singers.

March 11. The Junior Prom came 'round at last. What a day for the Irish. Everyone spent a lovely evening in the land of shamrocks. "When Irish Eyes Are Smiling" you can't help but have'n a good time.

March 12. Not many up for breakfast as a result of the Junior Prom. The Girl Scouts celebrate the birthday of the Scout movement by taking charge of the Vesper service.

March 13. After last week's terrible wind storms we even welcome the rain. Dining room check up at night. It's the second one in the past week. The Council says food tastes just as good at one table as another, but there must be some who doubt its word.

March 14. The usual number of couples seat themselves comfortably at the Star to enjoy the afternoon amusement. "The Strange Interlude" was in town. Almost like Spring today.

March 15. About all that can be said about this Wednesday is that it is the day for the girls' dance and socializing for the couples.

March 17. St. Patrick's Day at last. We have been celebrating it a week back. The Dramatic Club puts on some short plays in the evening.

March 18. The Y. M. and Y. W. sponsor a gymnastic demonstration given by the Lehighton High School. All Lehighton students have reason to be proud of their old Alma Mater.

March 19. Church, Sunday School, dinner, lunch, vespers, and church. That makes a full day for anyone.

March 20. German Club meets in Y. W. rooms.

March 21. If you knew anything about myths you appeared real intellectual at the Latin Club meeting; because the program committee had everyone guessing mythological stories. Perhaps it is best that the actors names remain unmentioned.

March 23. Y. W. and Y. M. hold interesting meetings. Council has put a new rule into effect so that girls must leave their men at the top of the stairs on Thursday nights . . . and Tuesday nights too.

March 24. The Y. W. sponsors the evening's program. Miss Namora speaks on "The Interpretation of Music."

March 15. The Phi Sigma Pi hold their formal dance in the J. H. S. Gym. We're sorry that some of the important members of the organization have to be away at their convention. Those who are not lucky enough to belong to the organization or are not invited enjoy themselves at a gym dance here at the college.

March 26. Community Vespers this time. Couples can't get their usual Sunday evening exercise.

March 29. James C. Wilson speaks at assembly.

March 31. The college treats all her fine children to a movie. Almost perfect attendance. Not that many people ever get to chapel mornings. Perhaps some think its Wednesday every day.

April 1. Mansfield fools Shippensburg on several points at the debate tonight. No wonder it's April Fool's Day at Mansfield.

April 3. This is Better Homes Week.

April 4. The Home "Eckers" hit the nail on the head when they get classes dismissed during the ten o'clock hour so that all students will have the privilege

of hearing Miss Hunken speak on "Home Decoration".

April 5. This is a busy day. The P. T. A. has a meeting in Straughn Hall most of the afternoon. Tea is served for the parents in the Y. W. rooms at 4:30 o'clock.

April 7. Our debating team goes to Stroudsburg. Those remaining here are entertained by a movie sponsored by Kappa Delta Pi.

April 8. The "M" Club have their closed dance. Some say it's the best dance of the year; but everyone has a right to his own opinion, you know.

April 12. The College chorus gives its annual concert.

April 13. Can you smell fish? Some of the girls say they would like to go fishing.

At 2 p. m. students meander down to Straughn Hall to hear Mr. Barker. He tells us how to get the most out of life. Students do not meander back—they hurry back to their tasks. Perhaps they now believe as Mr. Barker does. He believes that the purpose of education is to train the mind and will to do the work they have to do when that work ought to be done whether the individual wants to do it or not.

April 14. Vacation begins. No wonder everyone is smiling.

April 24. Not everyone is back. Even the couples are here. Mansfield can't get along without them—or with them. There is more fiction than truth in this statement, perhaps. Inquire from any Council member if in doubt.

April 27. Band has its festival. Couldn't you hear the drummers drumming up trade for it weeks ahead of time? It was a success.

April 28. Orchestra goes to Elmira. We have a movie in Straughn Hall.

April 29. The big day of the year—the day of the Senior Ball. After weeks of planning and preparation the ball slips by in just a few hours—but it was fun. It's our last class dance, Seniors.

May 1. May is here. How the Seniors dread to see these last days of college glide away.

May 3. Francis Cope helps to make the evening hours pass quickly by with his lecture on Australia and New Zealand.

May 5. Mansfield students always welcome movies. Perhaps this is the last college movie of the year.

May 6. Saturday is always a busy day at the laundry. Today was not an exception.

May 15. Everyone is getting ready for their last set of examinations this year.

May 18. The crash is here. You are either saved or lost. It's wise to carry a horseshoe around to classes these days.

May 25. Commencement activities are on their way. The Seniors have their dinner. It is followed by a movie and dance. The Freshmen have all departed.

May 27. Today proved to be a very exciting one. All kinds of Alumni were present. Some looked younger than the majority of us, but some looked as if it might be possible for them to be great-great-grandfathers. We're glad Mansfield students live to a ripe old age. Because the present seniors won't be alumni for three more days, they ate their repast in the gym.

May 28. Baccalaureate Sermon is given in Straughn Hall at 10:00 A. M. The band and orchestra give concerts in the afternoon and evening. Many parents arrive today.

May 29. This is Senior Class Day. The class has its exercises at 9:00 A. M. At 8:00 P. M. parents and students attend the College Opera, "Yeomen of the Guard."

May 30. Commencement.
